

## Debt Service

The primary long-term debt instruments used by the Town are serial bonds. They are scheduled to come due in series, i.e. on different dates over the term of an overall bond issue. Varying rates of interest are paid on outstanding debt depending on the respective dates of various bond issues. The Town of Darien has for many years enjoyed the best credit rating assigned by the credit rating agencies and this has assured the lowest borrowing rate available under existing market conditions at the time of issuance.
